## **Report on Water Harvesting Campaign Collaboration with 1 M.P. Girls Battalion NCC on 03/02/2023**

### **Introduction:**

On 3rd February 2023, Swami Vivekanand College of Engineering in collaboration with the 1 M.P. Girls Battalion NCC to organize a water harvesting campaign in Simroal. The initiative aimed to raise awareness about the importance of water conservation and promote the adoption of rainwater harvesting techniques to address water scarcity issues in the region.

**No Of Participants: 15**

### **Event Details:**

Date: 3<sup>rd</sup> February 2023

Venue: Simroal, Indore

Organized by: Swami Vivekanand College of Engineering (SVCE).

Type of Program: Water-Borne Diseases Awareness Campaign

### **Objective:**

To educate residents about the benefits of rainwater harvesting and encourage them to implement sustainable water management practices.

### **Activities:**

SVCE Students tries to aware residents about the importance of rainwater harvesting as a sustainable water management solution.

SVCE Students suggests skills to implement rainwater harvesting systems in their homes and neighborhoods.

## Conclusion:

The water harvesting campaign organized by Swami Vivekanand College of Engineering and the 1 M.P. Girls Battalion NCC in Simroal exemplified the potential for collective action to address water scarcity challenges. By fostering awareness, providing education, and promoting practical solutions, the initiative contributed to building a more resilient and water-secure community. Continued collaboration and concerted efforts are essential to sustain the momentum and further advance the adoption of rainwater harvesting practices for the benefit of present and future generations.

## Report on Water-Borne Diseases Awareness Campaign Collaboration with 1 M.P. Girls Battalion NCC on 03/02/2023

### Introduction:

On 3<sup>rd</sup> February 2023, Swami Vivekanand College of Engineering, in collaboration with the 1 M.P. Girls Battalion NCC, organized a water-borne diseases awareness campaign in Simroal. The initiative aimed to educate the local community about the risks associated with water-borne illnesses and promote preventive measures to ensure better health and sanitation practices.

**No of Participants: 15**

### Event Details:

Date: 3<sup>rd</sup> February 2023

Venue: Simroal, Indore

Organized by: Swami Vivekanand College of Engineering (SVCE).

Type of Program: Water-Borne Diseases Awareness Campaign

### Objective:

To raise awareness among the residents of Simroal about the prevalent water-borne diseases in their area.

### Activities:

The students of SVCE Indore provides knowledge and awareness among residents about the causes, symptoms, and prevention of water-borne illnesses and discussed about practical strategies for maintaining clean water sources and adopting proper hygiene practices.

## Conclusion:

The water-borne diseases awareness campaign organized by Swami Vivekanand College of Engineering and the 1 M.P. Girls Battalion NCC in Simroal underscored the importance of proactive community engagement in promoting public health and sanitation. By imparting knowledge, fostering dialogue, and advocating preventive measures, the initiative contributed to building a healthier and more resilient community. Continued efforts and collaborative initiatives are essential to sustain the momentum and further improve the well-being of the residents in Simroal and beyond.

## **Report on Outreach Activity - Nukkad Natak on Dowry System**

### **Introduction:**

Swami Vivekanand College of Engineering, committed to social responsibility, organized an outreach activity in the form of a Nukkad Natak to raise awareness about the detrimental effects of the dowry system. The event took place on January 10<sup>th</sup>, 2023, in the village of Datoda.

**No of Participants: 20**

### **Event Details:**

Date: January 10<sup>th</sup>, 2023

Venue: Village Datoda

Activity: Nukkad Natak on Dowry System

### **Objective:**

To educate and sensitize the community about the adverse consequences of the dowry system. By using the medium of street theatre, the aim was to engage the audience emotionally and intellectually, fostering a deeper understanding of the issue and promoting societal change.

### **Activities:**

On the day of the event, the Nukkad Natak was staged at multiple locations across the village, drawing in a diverse audience. The performances were accompanied by interactive sessions, allowing spectators to share their thoughts and experiences related to the dowry system.

## **Conclusion:**

Nukkad Natak organized by Swami Vivekanand College of Engineering emerged as a powerful medium for social change, effectively raising awareness about the detrimental effects of the dowry system and inspiring collective action towards its eradication. By leveraging the transformative potential of street theatre and community engagement, the event exemplified the college's commitment to fostering a more equitable and just society.

## **Report on Outreach Awareness Activity on Thalassemia and Sickle Cell Disease**

### **Introduction:**

Swami Vivekanand College of Engineering, in collaboration with the 1 M.P. Girls Battalion NCC, organized an Outreach Awareness Activity on Thalassemia and Sickle Cell Disease at Dr. Ambedkar Nagar (MHOW) on 10/02/2023. This collaborative effort aimed to educate the community about these genetic blood disorders and raise awareness about preventive measures and treatment options.

**No of Participants: 8**

### **Event Details:**

Date: 10/02/2023

Location: Dr. Ambedkar Nagar (MHOW)

Participants: 9 NCC Cadets from Swami Vivekanand College of Engineering

Collaborator: 1 M.P. Girls Battalion NCC

### **Objective:**

To spread awareness about thalassemia and sickle cell disease among the residents of Dr. Ambedkar Nagar (MHOW).

**Activities:**

Interactive Sessions: Interactive sessions were organized to facilitate discussions and address questions from the audience regarding thalassemia and sickle cell disease. This allowed for a deeper understanding of the diseases and encouraged community members to engage actively in the awareness-building process.

**Conclusion:**

The Outreach Awareness Activity on Thalassemia and Sickle Cell Disease conducted by Swami Vivekanand College of Engineering, in collaboration with the 1 M.P. Girls Battalion NCC, was a commendable initiative. By educating the community and promoting proactive measures for disease prevention and management, the event contributed to improving health outcomes and fostering a sense of solidarity within Dr. Ambedkar Nagar (MHOW). Such collaborative efforts underscore the significance of community engagement in addressing public health challenges and advancing collective well-being.

## Report on Social Environmental Event

**Organize by:-** Swami Vivekanand College of Engineering

**Event Title:** Social Environmental Event for Little Birds

**Date of Event:** 25th April 2023

**No of Participants:** 22

**Introduction:** Swami Vivekanand College of Engineering is pleased to announce an upcoming Social Environmental Event dedicated to supporting local wildlife. Organized by the Department of Civil Engineering, this event aims to foster environmental awareness and community engagement among our students and faculty.

### Objectives:

- To raise awareness about the importance of wildlife conservation, specifically for local bird species.
- To promote empathy and responsibility towards local wildlife through direct action.

**Activity Description:** The event will involve the creation and placement of feeding bowls and water containers across designated areas within the college campus. These bowls will be designed to provide essential food and water resources for little birds, particularly during the hot summer months when natural resources may be scarce. Participants will work collaboratively to install and maintain these provisions, ensuring a sustainable and ongoing impact on local bird populations.

**Participation and Engagement:** B.tech Civil Engineering III<sup>rd</sup> year Students and faculty members are encouraged to participate actively in this event. The success of this initiative relies heavily on widespread involvement and commitment from our college community. By volunteering their time and effort, participants will not only contribute to the welfare of local birds but also strengthen their understanding of environmental stewardship.

**Conclusion:** In conclusion, the Social Environmental Event for Little Birds represents a significant step towards fostering a more sustainable and ecologically responsible campus environment. By coming together to support this cause, we reaffirm our commitment to wildlife conservation and community service. We extend our gratitude to all participants for their enthusiasm and dedication.

## Swami Vivekanand College of Engineering, Indore

### Report on

### “Blood Donation Camp”

**Organize by:** Swami Vivekanand College of Engineering, Indore

**Date:** 28th July 2022

**No of Participants:** 37

**Introduction:** This report outlines the organization and outcomes of the Blood Donation Camp held at our college campus on 28th July 2022. The event was aimed at promoting voluntary blood donation among students and faculty members, emphasizing the importance of contributing to the community's health and well-being.

#### Objectives:

- To encourage voluntary blood donation among students and faculty.
- To raise awareness about the significance of regular blood donation.

**Speaker:** The event was inaugurated by Mr. Tarandeep Arora, who highlighted the critical need for blood donations in saving lives and encouraged everyone present to participate actively in the camp.

**Activity Description:** The Blood Donation Camp commenced at 9:00 AM in the college auditorium, where participants were briefed on the donation process and its impact. Medical professionals from the local hospital supervised the camp to ensure safety and hygiene standards were maintained. Donors underwent medical screening before proceeding with the donation process.

**Participation and Engagement:** The response to the camp was overwhelming, with a total of 112 participants registered for blood donation. Among them, 80 successfully donated blood, exceeding our initial target. The active involvement of students and faculty members demonstrated their commitment to the cause of saving lives through blood donation.

**Conclusion:** In conclusion, the Blood Donation Camp held on 28th July 2022 at our college campus was a resounding success. It not only exceeded our expectations in terms of participation but also reinforced the spirit of community service among the colle,

We extend our heartfelt thanks to Mr. Tarandeep Arora for his support and guidance throughout the event. We look forward to organizing similar initiatives in the future to continue making a positive impact on society.

## Report on Winter Clothes Donation Activity

**Title:** Spreading Warmth: Winter Clothing Donation Activity

**Date :** 21/01/2022

**No Of Participants:** 28

**Introduction:** In response to the pressing need to support vulnerable communities during the harsh winter months, our organization initiated a winter clothing donation drive.

The aim was to collect warm clothes and distribute them to those in need, ensuring that everyone could withstand the cold temperatures with dignity and comfort.

This report provides an overview of the activity, including its objectives, execution, and impact.

### Objectives:

- Collect a substantial amount of warm clothing items including jackets, sweaters, hats, gloves, scarves, and blankets.
- Distribute the collected items to shelters, homeless communities, and low-income families in our locality.
- Raise awareness about the importance of helping those in need during the winter season.

**Execution:** The activity was promoted through various channels including social media, local newspapers, and word-of-mouth. Donation boxes were placed in SVCE. Student volunteers played a crucial role in sorting, cleaning, and organizing the donated clothes. Special attention was paid to ensure that all items were in good condition and suitable for use. Once sorted, the clothing items were packed into boxes. Team of volunteers delivered the donated items directly to those in need.

**Impact:** The winter clothing donation activity yielded significant positive outcomes:

**Quantity of Donations:** Through the collective efforts of volunteers and the generosity of donors, we were able to collect over 500 winter clothing items, including jackets, sweaters, hats, gloves, scarves, and blankets.

• Email : info@svceindore.ac.in • Website : www.svce.vivekanandgroup.com

**Direct Impact:** The donated clothing items provided much-needed warmth and comfort to individuals and families facing financial hardship or homelessness. Recipients expressed gratitude for the support, emphasizing the difference it made in their lives during the cold winter months.

**Awareness and Outreach:** The activity helped raise awareness about the challenges faced by vulnerable populations during the winter season. It encouraged empathy and compassion within the community, prompting individuals to take action and support those in need.

**Conclusion:** The winter clothing donation activity exemplified the power of collective action in making a positive impact on the lives of others. By efforts of students and staff of SVCE, we were able to provide warmth, comfort, and hope to those facing adversity. This initiative taken by coordinators to serving the needs of our community and inspired us to continue finding innovative ways to make a difference.

## **Report on Cleanliness Drive and Awareness Campaign Collaboration with 1 M.P. Girls Battalion NCC**

### **Introduction:**

On 7th June 2022, Swami Vivekanand College of Engineering organized a cleanliness drive and awareness campaign in collaboration with the 1 M.P. Girls Battalion NCC at Tejaji Nagar, Indore. The initiative aimed to foster community engagement, raise awareness about cleanliness, and instill a sense of responsibility towards environmental conservation among the residents of Tejaji Nagar.

### **Event Details:**

Date: 7<sup>th</sup> June 2022

Venue: Tejaji Nagar, Indore

Organized by: Swami Vivekanand College of Engineering (SVCE) NCC Students

Type of Program: Cleanliness Drive

**No Of Participants: 10**

### **Objective:**

To promote cleanliness and hygiene practices within the community and create awareness about the importance of maintaining a clean and healthy environment.

### **Activities:**

**Cleanliness Drive:** Volunteers from NCC actively participated in cleaning streets at Tejaji Nagar. They swept roads and disposed of waste responsibly. The emphasis was on not only cleaning the surroundings but also educating residents about proper waste management practices.

**Awareness Campaign:** Concurrently, volunteers conducted an awareness campaign focusing on the significance of cleanliness and its impact on public health and the environment

**Collaborative Efforts:** The collaboration between Swami Vivekanand College of Engineering and the 1 M.P. Girls Battalion NCC facilitated effective coordination and maximized the reach and impact of the initiative. Together, they worked tirelessly to achieve the common goal of promoting cleanliness and instilling a sense of civic duty among the residents of Tejaji Nagar.

**Conclusion:**

The cleanliness drive and awareness campaign organized by Swami Vivekanand College of Engineering in collaboration with the 1 M.P. Girls Battalion NCC at Tejaji Nagar, Indore, exemplified the power of collective action in addressing community issues. Through concerted efforts and effective coordination, the initiative succeeded in not only cleaning the locality but also in fostering a sense of ownership and responsibility among the participants. Such collaborative endeavors serve as a testament to the transformative impact that can be achieved when institutions and communities come together for a common cause.

## **Report on beyond the campus environmental promotion and sustainability activity**

**20/07/2018**

### **Introduction:**

Swachh Bharat Abhiyan, launched on 2<sup>nd</sup> October 2014, is a nationwide cleanliness campaign initiated by the Government of India. The aim of the campaign is to achieve the vision of a 'Clean India' by 2<sup>nd</sup> October 2019, marking the 150th birth anniversary of Mahatma Gandhi. As part of this initiative, an outreach program was organized by students of SVGI at Chappan Dukan on 20<sup>th</sup> July 2018, to raise awareness about the importance of cleanliness and hygiene in our daily lives.

**No Of Participants: 25**

### **Event Details:**

Date: 20th July 2018

Venue: Chappan Dukan

Organized by: SVCE Students

Type of Program: Nukkad Natak (Street Play)

### **Objective:**

To educate and motivate the local community, shopkeepers, and passersby at Chappan Dukan about the significance of cleanliness and their role in maintaining a clean environment.

### **Activities:**

**Nukkad Natak:** The highlight of the program was a nukkadnatak performed by SVGI students. The play depicted various scenarios highlighting the importance of cleanliness, the health hazards of living in unhygienic conditions, and the impact of littering on the environment. The performance was engaging and thought-provoking, capturing the attention of the audience and delivering the message effectively.

**Interactive Sessions:** Following the nukkad natak, interactive sessions were conducted with the audience. The students explained the objectives of Swachh Bharat Abhiyan and shared practical tips on waste management, segregation of waste, and the proper use of dustbins. The audience was encouraged to ask questions and share their views on the campaign.

**Conclusion:**

The outreach program on Swachh Bharat Abhiyan conducted by SVGI students at Chappan Dukan on 20th July 2018 was a commendable initiative to spread awareness about cleanliness and hygiene. Such programs play a crucial role in mobilizing communities and fostering a sense of responsibility towards maintaining a clean and healthy environment.
