## FACULTY DEVELOPMENT PROGRAMME

ON

**“ERP Training”**

BY

**Mr. Shredha Parmar**

4th December 2022

TO

8th December 2022

### **COORDINATORS**

Ms. Meenakshi Prajapati

### **ORGANIZING COMMITTEE**

Ms. Akanksha Kumau

Ms. Aarti Khare

### **ABOUT THE COLLEGE**

Swami Vivekanand Group of Institutes was established in 2004 under the auspices of Swami Vivekanand Takniki Sansthan, Indore, to fulfill the demand of an ideal Technical, Pharmacy & Management institution. SVGI, which has carved a special place rich in the field of education around Indore is not only approved by All India Council for technical Education (AICTE) New Delhi, the premier Central Regulatory Body but is also an affiliate to Rajiv Gandhi Prodyogiki Vishwavidyalaya, Bhopal and Devi Ahilya Vishwavidyalaya, Indore. It is duly recognized by the Directorate of Technical Education, Madhya Pradesh, spread over a scenic campus of over 25 acres land.

Organized by

**IT Department SWAMI

### ***ABOUT DEPARTMENT***

The information technology department was established in the year 2004. Information technology encompasses the use of computers and networks and administration. It covers various subjects such as finance, marketing, operations, and strategy. An IT equips individuals with valuable skills and knowledge to pursue leadership roles in various industries and sectors.

### ***OBJECTIVES OF THE EVENT***

Enterprise Resource Planning (ERP) systems are integrated software platforms used by organizations to manage and automate various business processes. The primary objective of ERP is to streamline and enhance the efficiency of business operations across different departments and functions within an organization.

### ***COURSE MODULE***

#### **DAY ONE**

Introduction to ERP systems and Fundamentals

#### **DAY TWO**

Core Modules Training

#### **DAY THREE**

Advance Modula's and customization

#### **DAY FOUR**

Data management and reporting

#### **DAY FIVE**

Integration and best practices

### **Schedule of faculty development programed**

- **Reporting Time - 10:15 AM**
- **FDP Time –  
10:30 AM TO 11: 30 AM**
- **Hot Tea Time –  
11:30 AM TO 11:45 AM**
- **FDP Time –  
11:45 AM TO 12: 30 PM**
- **Lunch Time –  
12:30 PM TO 1:30 PM**
- **FDP Time –  
1:30 PM TO 2: 30 PM**

## Report on ERP Training

### Introduction:

This includes honing techniques for audience engagement, mastering advanced delivery methods such as storytelling and persuasion, enhancing visual design proficiency, managing nerves effectively, and fostering confidence in handling Q&A sessions.

**No of Participants:** 88

### Event Details:

**Date:** 4th Dec 2022 to 8th Dec 2022

Venue: SVCE, Indore

Organized by: Information Technology Department, SVCE

### Objective:

The primary objective of ERP is to streamline and enhance the efficiency of business operations across different departments and functions within an organization.

### FDP SUMMARY:

The first day provided a comprehensive introduction to ERP systems. Day two focused on training for the core modules of ERP systems. Day three explored advanced ERP modules and customization options. Day four focused on data management and reporting within ERP systems. The final day addressed ERP integration and best practices.

### Conclusion:

The Faculty Development Program (FDP) on ERP Systems has provided a thorough exploration of ERP technologies, from fundamental concepts to advanced functionalities.

Thanks and Regards

## Report on Store Maintenance and Upkeep

### Introduction:

Store Maintenance focuses on implementing regular maintenance schedules, conducting inspections, and addressing issues promptly to enhance safety, cleanliness, and aesthetics. The program aims to optimize store functionality and customer experience while minimizing downtime and repair costs.

**No of Participants:** 09

### Event Details:

**Date:** 13th Sept 2022 to 17th Sept 2022

Venue: SVCE, Indore

Organized by: Information Technology Department, SVCE

### Objective:

The Store Maintenance and Upkeep Program aims to ensure the efficient operation and preservation of physical retail spaces.

### FDP SUMMARY:

The first day provided a foundational overview of store maintenance. Day two focused on maintaining the interior of stores. Day three addressed the maintenance of store exteriors. Day four focused on the maintenance of equipment and fixtures within stores. The final day addressed safety and compliance aspects of store maintenance.

### Conclusion:

The Faculty Development Program (FDP) on Store Maintenance has provided participants with a comprehensive understanding of the various aspects of maintaining a store environment.

## **Report on GST & INCOME TAX**

### **Introduction:**

GST & Income Tax focuses on enhancing tax literacy, fostering compliance, and enabling effective financial management for individuals and businesses.

**No of Participants:** 09

### **Event Details:**

**Date:** 13th September 2021 to 17th September 2021

Venue: SVCE, Indore

Organized by: MBA Department, SVCE

### **Objective:**

The GST & Income Tax program aims to equip participants with comprehensive knowledge and practical skills in understanding and complying with Goods and Services Tax (GST) regulations and Income Tax laws.

### **FDP SUMMARY:**

The first day provided a foundational understanding of taxation principles. Day two focused on the Goods and Services Tax (GST), a crucial component of modern tax systems. The focus on day three was on the basics of income tax. Day four addressed the preparation and filing of income tax returns. The final day was dedicated to tax planning and ensuring ongoing compliance.

### **Conclusion:**

The Faculty Development Program (FDP) on Goods and Services Tax (GST) and Income Tax has successfully provided a thorough and practical understanding of key tax concepts and compliance requirements.

Thanks and Regards

**One week  
Online  
Workshop  
(Funded by TEQIP-III)**

On

**Automtion and Artificial Intelligence  
in Production Engineering**

**22<sup>nd</sup> -26<sup>th</sup> February, 2021**

**ORGANIZED BY**

**Industrial & Production  
Engineering Department**

**College of Technology, GBPUA&T,  
Pantnagar**

**G.B. Pant University of Agriculture and  
Technology Pantnagar-263145, Distt. U.S.  
Nagar, Uttarakhand**

**ABOUT  
G.B.P.U.A.&T.**

After independence, development of the rural sector was considered the primary concern of the Government of India. In 1949, with the appointment of the Radhakrishnan University Education Commission, imparting of agricultural education through the setting up of rural universities became the focal point. Later, in 1954 an Indo-American team led by Dr. K.R. Damle, the Vice-President of ICAR, was constituted that arrived at the idea of establishing a Rural University on the land-grant pattern of USA. As a consequence, a contract between the Government of India, the Technical Cooperation Mission and some land-grant universities of USA, was signed to promote agricultural education in the country. The US universities included the universities of Tennessee, the Ohio State University, the Kansas State University, The University of Illinois, the Pennsylvania State University and the University of Missouri. The task of assisting Uttar Pradesh in establishing an agricultural university was assigned to the University of Illinois which signed a contract in 1959 to establish an agricultural University in the State. Dean, H.W. Hannah, of the University of Illinois prepared a blueprint for a Rural University to be set up at the Tarai State Farm in the

district Nainital, UP. In the initial stage the University of Illinois also offered the services of its scientists and teachers. Thus, in 1960, the first agricultural university of India, UP Agricultural University, came into being by an Act of legislation, UP Act XI-V of 1958. The Act was later amended under UP Universities Re-enactment and Amendment Act 1972 and the University was rechristened as Govind Ballabh Pant University of Agriculture and Technology keeping in view the contributions of Pt. Govind Ballabh Pant, the then Chief Minister of UP. The University was dedicated to the Nation by the first Prime Minister of India Pt Jawaharlal Nehru on 17 November 1960

**ABOUT THE Industrial &  
Production ENGINEERING  
DEPARTMENT**

The department at College of Technology, G.B. Pant University Agriculture & Technology, Pantnagar offers Industrial & Production Engineering program at the Bachelor's levels since July 1984. On May 8<sup>th</sup>, 2013 Department of Industrial & Production Engineering (formerly production engineering) was established with revised courses & addition of new course in UG Program. The curriculum revolves around imparting knowledge of planning, measuring and

controlling all activities within the organization, besides designing the production process for a product. The department blends advanced theory and practices required for the development and management of modern industry. The department is rich in resources, including laboratories necessary for the development and nourishment of skills necessary for an engineer working in industrial scenarios. We earnestly emphasize on a healthy and intimate teacher-student relationship so that the true potential of each student is realized and flourished. The department of IPE aims not only to produce efficient engineers, but also well-educated conscientious leaders who can contribute to the development of the country through ameliorating our industries. The Department feels proud of achievements of its alumni, who have excelled in various walks of life.

**ABOUT THE FDP**

Artificial intelligence has been identified as the key enabler for the next generation of smart manufacturing, cities, Healthcare, transportation, education, legal and agriculture. Artificial intelligence leverages the superior computational capabilities of machines that can process large amounts of data, and find patterns and associations through sophisticated algorithms. The aim of this workshop is to be familiar with Application of data science and machine learning in engineering, Deep Learning, Rapid Prototyping and recent development in robotics.

**ORGANIZING COMMITTEE**

**Mr. PRAVEEN SINGH**  
**Mr. KUMUD JOSHI**

**KEYNOTE SPEAKERS**

- **Dr. J. Ramkumar**  
Professor (IIT-Kanpur)
- **Dr. Tharun Reddy**  
Assistant Professor,  
(IIT Dhanbad)
- **Dr. Sanjay Samant**  
Associate Prof. (GBPEC, Pauri)
- **Dr. Rahul Mulik**  
Associate Prof. (IIT-Roorkee)
- **Dr. P. M. Pathak**  
Professor (IIT-Roorkee)

**KEY TOPICS**

- ❖ Application of data science and machine learning in engineering
- ❖ Deep Learning
- ❖ Introduction to FEM and Application in Research
- ❖ Introduction to Rapid Prototype and Recent development
- ❖ Introduction to robotics and recent development in robotics

**WHO CAN ATTEND?**

Faculty members from Engineering Colleges all over India, Research Scholar (Ph.D., PG and final year UG) and Industry Personals.

**REGISTRATION PROCESS**

**No Registration Fee** is applicable to attend the FDP.

FDP will be organized in online mode on Google Meet platform. Participants need to fill online registration form.

## ABOUT THE AICTE

All India Council for Technical Education (AICTE) was set up in November 1945 as a national-level apex advisory body to conduct a survey on the facilities available for technical education and to promote development in the country in a coordinated and integrated manner and to ensure the same, as stipulated in the National Policy of Education (1986). AICTE was vested with statutory authority for planning, formulation, and maintenance of norms & standards, quality assurance through accreditation, funding in priority areas, monitoring, and evaluation, maintaining parity of certification & awards, the management of technical education in the country.

## ABOUT THE ISTE

The Indian Society for Technical Education (ISTE) is the leading National Professional non-profit making Society for the Technical Education System in our country with the motto of Career Development of Teachers and Personality Development of Students and overall development of our Technical Education System. The major objective of the ISTE is to provide quality training programmes to teachers and administrators of technical institutions to update their knowledge and skills in their fields of activity.

## ABOUT THE INSTITUTE

IPS College of Technology and Management established in the year 2007, is aiming to become the most preferred engineering college in central India. Students in the institute can obtain a world-class engineering education and develop themselves into the leaders of tomorrow. IPS CTM endeavors to make the students technologically sound and ethically strong individuals who in turn, shall contribute significantly to the advancement of society and human kind.

## ABOUT THE PROGRAM

The quality of any education system largely depends upon the quality of teachers. Teachers' training is required to empower them for implementing

innovative, advanced pedagogy for their professional refinement. Keeping this in view our Institute is now organizing one week on line refresher program to provide exposure to faculty about paradigm shift in teaching learning process and make them capable to adapt latest tools and techniques. They will be trained to understand the art and craft of engaging students, to create dynamic, active and participative classroom learning, to increase learning outcome by infusing innovative technologies, learning management system, ICT integration, instructional method.

## AICTE-ISTE Refresher Program on “Learner Oriented Teaching Methods”

**February 10-16, 2021**

**Sponsored by**

**Organized by**

Planting Future

## IPS College of Technology and Management

(An Institute of IPS Group of Colleges  
P.O.: IPS College, Shivpuri Link Road, Gwalior  
Ph: +91 9285052400, 9285082400)

## COURSE OBJECTIVES

This Course aims to fulfill the following objectives:

- Understand the significance of alignment amongst the fundamental elements of effective teaching and learning.
- To enable the participants to understand and practice “Outcome Based Teaching” and “Learner Centric Teaching Strategies”.
- To enable them to recognize and imbibe the proficiencies and qualities of good teacher.
- Capable to analyze the needs of the different section of students

## COURSE OUTCOMES

After attending the program, trainees will be able to

- Develop vital and innovative teaching skills.
- Design and customize teaching approaches suiting student’s needs.
- Communicate professional information, share innovative ideas to students and participants with clarity and force.
- Use new and innovative ways of engaging students in the classroom with a view to achieving learning outcomes.
- Identify and apply new technology that will improve the ability to present ideas and information with impact.
- Use new teaching strategies to make their classes more lively, interactive, and interesting.

## COURSE CONTENT

- Use of Bloom's Taxonomy for effective teaching learning
- Role, responsibilities and competencies required in the teacher
- Elements of innovations in classroom delivery, student engagement, and discussion approaches
- Creativity and problem solving techniques
- Writing research proposals and publications

- Outcome based curriculum
- Technology enabled teaching and learning
- Project and problem based learning
- e-Learning, blended learning and flipped learning techniques
- Learner centered teaching
- Measuring learning outcomes in teaching-learning
- Elements of research in computer science & engineering
- Students centered learning: Need and strategies for transformation
- Need of mentoring and counselling of students in technical education

## REGISTRATION

**Registration Deadline:** February 07, 2021

Seats are limited for registration on first come first serve basis.

Link for registration:

<https://forms.gle/WMefcKMBRotx8JJ27>

## WHO CAN APPLY

Faculty members of AICTE approved institutes may apply.

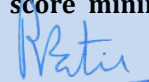

Preference will be given to life member of ISTE.

## REGISTRATION FEE

There is **no registration fee**.

## IMPORTANT NOTE

- An online test shall be conducted at the end of the program.
- **The certificates shall be issued to only those participants who attend the program with minimum 80% attendance and score minimum 60% marks in the test.**

### 10th August 2020 (Monday)

- 10:00 AM - 11:00 AM: Inauguration and Introduction to Nanomaterials (Dr. John Doe)
- 11:00 AM - 12:00 PM: Synthesis of Nanomaterials (Dr. Jane Smith)
- 12:00 PM - 01:00 PM: Characterization Techniques (Dr. Alan Brown)
- 01:00 PM - 02:00 PM: Q&A Session

### 11th August 2020 (Tuesday)

- 10:00 AM - 11:00 AM: Applications in Electronics (Dr. Maria Garcia)
- 11:00 AM - 12:00 PM: Applications in Medicine (Dr. John Doe)
- 12:00 PM - 01:00 PM: Applications in Energy (Dr. Jane Smith)
- 01:00 PM - 02:00 PM: Q&A Session

### 12th August 2020 (Wednesday)

- 10:00 AM - 11:00 AM: Environmental Impact of Nanomaterials (Dr. Alan Brown)
- 11:00 AM - 12:00 PM: Sustainability in Nanotechnology (Dr. Maria Garcia)
- 12:00 PM - 01:00 PM: Case Studies and Industrial Applications (Dr. John Doe)
- 01:00 PM - 02:00 PM: Q&A Session

### 13th August 2020 (Thursday)

- 10:00 AM - 11:00 AM: Recent Trends in Nanomaterials (Dr. Jane Smith)
- 11:00 AM - 12:00 PM: Future Directions in Nanotechnology (Dr. Alan Brown)
- 12:00 PM - 01:00 PM: Research Methodologies (Dr. Maria Garcia)
- 01:00 PM - 02:00 PM: Q&A Session

### 14th August 2020 (Friday)

- 10:00 AM - 11:00 AM: Innovations in Nanomaterials (Dr. John Doe)
- 11:00 AM - 12:00 PM: Industrial Applications and Case Studies (Dr. Jane Smith)
- 12:00 PM - 01:00 PM: Panel Discussion
- 01:00 PM - 02:00 PM: Q&A Session

### 15th August 2020 (Saturday)

- 10:00 AM - 11:00 AM: Nanomaterials in the Future (Dr. Alan Brown)
- 11:00 AM - 12:00 PM: Sustainable Development with Nanotechnology (Dr. Maria Garcia)
- 12:00 PM - 01:00 PM: Closing Ceremony and Feedback
- 01:00 PM - 02:00 PM: Q&A Session

**CampuZine**  
6 August 2020 · 🌐

One Week FDP on Development of E-Contents and ICT Tools for Innovative and Effective Teaching & Learning Process

Campuzine August 6, 2020

Organizer: Roorkee College of Management and Computer Applications, Roorkee, Uttarakhand

This FDP is open to all students, researchers, faculty members across School / Colleges / Universities / Media fields and other academic Institutions. This FDP is for Academicians of all streams who desire to learn tools for online teaching and E-Learning to make their teaching and learning process effective.

Registration fees – Free

E – Certificate will be provided to all the registered participants.

Schedule: 8 August to 14 August, 2020

### **Online Faculty Development Program (FDP)**

#### **Recent Advances in Composite Materials**

**Organized by: Mechanical Engineering Department**

**Dates: 21st December 2020 - 25th December 2020**

**Platform: Google Meet**

---

### **About the Program**

The Faculty Development Program (FDP) on Recent Advances in Composite Materials aims to provide an in-depth understanding of the latest advancements and research in the field of composite materials. This program is designed for faculty members, researchers, and industry professionals to enhance their knowledge and skills in this rapidly evolving area of engineering.

---

### **Objectives**

- To understand the fundamental concepts of composite materials.
- To explore the latest research and technological advancements in composite materials.

  
PRINCIPAL  
SWAMI VIVEKANAND  
COLLEGE OF ENGINEERING  
KHANDWA ROAD, INDORE

- To provide practical knowledge and applications of composite materials in various industries.
  - To foster networking and collaboration among participants and experts in the field.
- 

### **Key Topics**

- Introduction to Composite Materials
  - Fabrication Techniques for Composite Materials
  - Mechanical Properties of Composites
  - Applications of Composite Materials in Aerospace, Automotive, and Civil Engineering
  - Recent Trends and Future Directions in Composite Materials
- 

### **Resource Persons**

- Dr. A. B. Sharma, IIT Delhi
  - Dr. C. D. Verma, IIT Bombay
  - Dr. E. F. Gupta, NIT Trichy
  - Dr. G. H. Singh, BITS Pilani
- 

### **Registration Details**

- **Eligibility:** Faculty members, researchers, and industry professionals.
  - **Registration Fee:** Free
  - **Last Date of Registration:** 18th December 2020
  - **Registration Link:** [Click Here](#)

## Daily Activity Calendar

### 21st December 2020 (Monday)

- **10:00 AM - 11:00 AM:** Inauguration and Introduction to Composite Materials (Dr. A. B. Sharma)
- **11:00 AM - 12:00 PM:** Fabrication Techniques for Composite Materials (Dr. C. D. Verma)
- **12:00 PM - 01:00 PM:** Mechanical Properties of Composites (Dr. E. F. Gupta)
- **01:00 PM - 02:00 PM:** Q&A Session

### 22nd December 2020 (Tuesday)

- **10:00 AM - 11:00 AM:** Applications in Aerospace Engineering (Dr. G. H. Singh)
- **11:00 AM - 12:00 PM:** Applications in Automotive Engineering (Dr. A. B. Sharma)
- **12:00 PM - 01:00 PM:** Applications in Civil Engineering (Dr. C. D. Verma)
- **01:00 PM - 02:00 PM:** Q&A Session

### 23rd December 2020 (Wednesday)

- **10:00 AM - 11:00 AM:** Recent Trends in Composite Materials (Dr. E. F. Gupta)
- **11:00 AM - 12:00 PM:** Future Directions in Composite Materials (Dr. G. H. Singh)
- **12:00 PM - 01:00 PM:** Case Studies and Applications (Dr. A. B. Sharma)
- **01:00 PM - 02:00 PM:** Q&A Session

**ABOUT THE COLLEGE**

Swami Vivekanand Group of Institutes was established in 2004 under the auspices of Swami Vivekanand Takniki Sansthan, Indore, to fulfill the demand of an ideal Technical, Pharmacy & Management institution. SVGI, which has carved a special place rich in the field of education around Indore is not only approved by All India Council for technical Education (AICTE) New Delhi, the premier Central Regulatory Body but is also an affiliate to Rajiv Gandhi Prodyogiki Vishwavidyalaya, Bhopal and Devi Ahilya Vishwavidyalaya, Indore. It is duly recognized by the Directorate of Technical Education, Madhya Pradesh, spread over a scenic campus of over 25 acres land.

## **ABOUT DEPARTMENT**

*The Master of Business Administration. Department was established in the year 2004. An MBA (Master of Business Administration) is a graduate-level degree that provides advanced education in business management and administration. It covers various subjects such as finance, marketing, operations, and strategy. An MBA equips individuals with valuable skills and knowledge to pursue leadership roles in various industries and sectors.*

## **OBJECTIVES OF THE EVENT**

The objectives of Advanced Presentation Skills training are to refine participants' abilities to deliver compelling and impactful presentations. This includes honing techniques for audience engagement, mastering advanced delivery methods such as storytelling and persuasion, enhancing visual design proficiency, managing nerves effectively, and fostering confidence in handling Q&A sessions.

## **COURSE MODULE**

### **DAY ONE**

Understanding audience and advanced content development

### **DAY TWO**

Advanced delivery techniques

### **DAY THREE**

Visual design and multimedia integration

### **DAY FOUR**

Handling Q&A sessions managing nervousness

### **DAY FIVE**

Practice and feedback

## **Schedule of faculty development programme**

## **Report on Advance Presentation Skills**

### **Introduction:**

This includes honing techniques for audience engagement, mastering advanced delivery methods such as storytelling and persuasion, enhancing visual design proficiency, managing nerves effectively, and fostering confidence in handling Q&A sessions.

**No of Participants:** 13

### **Event Details:**

**Date:** 18th Nov to 22nd Nov 2019

Venue: SVCE, Indore

Organized by: MBA Department, SVCE

### **Objective:**

The objectives of Advanced Presentation Skills training are to refine participants' abilities to deliver compelling and impactful presentations.

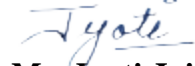

### **FDP SUMMARY:**

The first day focused on the crucial aspects of understanding the audience and developing advanced content tailored to their needs. Day two centered on mastering advanced delivery techniques to improve presentation effectiveness. The focuses on day three was on enhancing presentations through effective visual design and multimedia integration. Day four addressed techniques for effectively handling Q&A sessions and managing presentation-related nervousness. The final day was dedicated to applying the learned techniques through practice and receiving feedback.

### **Conclusion:**

In conclusion, the Faculty Development Program (FDP) on Advanced Presentation Skills has provided participants with a thorough and practical understanding of how to elevate their presentation techniques to a higher level of effectiveness.

## **ABOUT DEPARTMENT**

The Information Technology Engg. Department was established in the year 2004. The Information Technology (IT) department manages technology infrastructure, systems, and support within an organization. It oversees hardware, software, cyber security, system administration, and data management, aiming to optimize technology usage, ensure security, and support business operations effectively

## **OBJECTIVES OF THE EVENT**

The objective of training on Teaching Techniques and Methodology is to equip educators with the knowledge, skills, and strategies needed to enhance their teaching effectiveness. Through the exploration of diverse pedagogical Approaches, active learning strategies, differentiated instruction methods, and Effective assessment practices, educators aim to create engaging and inclusive Learning environments. Additionally, the training seeks to facilitate the integration of technology into teaching, develop classroom management skills, and promote Continuous professional

development. Ultimately, the goal is to empower educators to foster student engagement, critical thinking, and learning outcomes, thereby enhancing the overall quality of education delivery.

## **COURSE MODULE**

### **DAY ONE**

Introduction to graphical system design

### **DAY TWO**

Application of graphical system design in curriculum development

## **Report on Graphical System Design in Education**

### **Introduction:**

Through the exploration of diverse pedagogical Approaches, active learning strategies, different instruction methods, and Effective assessment practices, educators aim to create engaging and inclusive Learning environments. Additionally, the training seeks to facilitate the integration of technology into teaching, develop classroom management skills, and promote Continuous professional development. Ultimately, the goal is to empower educators to foster student engagement, critical thinking, and learning outcomes, thereby enhancing the overall quality of education delivery.

**No of Participants:** 60

### **Event Details:**

**Date:** 20th August to 24th August 2018

Venue: SVCE, Indore

Organized by: Information Technology Department, SVCE

### **Objective:**

The objective of training on Teaching Techniques and Methodology is to equip educators with the knowledge, skills, and strategies needed to enhance their teaching effectiveness.

### **FDP SUMMARY:**

The first day of the FDP introduced participants to the foundational concepts of graphical system design. Attendees explored the principles of visual communication and how graphical systems can be used to represent complex data and ideas effectively. On the second day, the focus shifted to applying graphical system design principles to curriculum development. Participants learned how to incorporate graphical elements to improve curriculum materials and pedagogical strategies. The third day concentrated on using graphical system design for assessment and evaluation. Attendees learned how to leverage visual tools for both formative and summative assessments. Day four focused on the practical implementation of graphical system design in instructional materials. Participants explored strategies for creating engaging and effective instructional content. The final day was dedicated to integrating the learned concepts and reflecting on the overall FDP experience

## Report on Lab Safety and Procedures

### Introduction:

This includes understanding and implementing protocols for handling hazardous materials, operating equipment safely, responding to emergencies, and fostering a culture of safety. The goal is to minimize risks and promote responsible conduct in the laboratory setting.

**No of Participants:** 09

### Event Details:

**Date:** 20th August to 24th August 2018

Venue: SVCE, Indore

Organized by: Information Technology Department, SVCE

### Objective:

The objective of lab safety and procedures training is to ensure a safe and secure working environment for laboratory personnel.

### FDP SUMMARY:

The first day of the FDP provided a comprehensive overview of laboratory safety principles. Day two concentrated on safety measures related to the handling and use of chemicals in the laboratory. On day three, the focus shifted to safety protocols for working with biological materials. Day four addressed safety practices related to laboratory equipment and fire hazards. The final day focused on radiation safety and concluded the FDP.

### Conclusion:

In conclusion, the Faculty Development Program (FDP) on Laboratory Safety and Procedures has effectively equipped participants with critical knowledge and practical skills essential for maintaining a safe and compliant laboratory environment. Over the course of this program, we have thoroughly explored key areas of laboratory safety, including general safety practices, chemical safety, biological safety, equipment safety, fire safety, and radiation safety.

Thanks and Regards
