Clean Campus Initiatives

Cleanliness Drive: Swami Vivekanand College of Engineering (SVCE) organizes a cleanliness drive every year. This initiative aims to instill a sense of responsibility among students and faculty towards maintaining a clean and hygienic environment.

Waste Management Practices SVCE has adopted several waste management practices to ensure effective segregation and recycling of waste:

1. Strategic Placement of Dustbins:

- **5 Color-Coded Dustbins:**
 - Green: Paper waste
 - Blue: Glass waste
 - Yellow: Plastic waste

- Red: Metal waste
- Black: Organic waste
- **2 Additional Dustbins for Wet and Dry Waste:** These are usually blue or green in color, designated for dry and wet waste collection.

The presence of these strategically placed dustbins promotes waste segregation and recycling practices among students and faculty, contributing to a cleaner and more sustainable campus environment.
